啟康幼兒中心 Child Enlightenment Centre

Mission

The Child Enlightenment Centre aims at providing a safe, comfortable environment with enriched learning experience for children with special need from birth to 6 years of age. By adopting a person-centered approach and encouraging family participation with social integration, we aim to satisfy a child's multi-faceted needs for growth, as well as foster a good foundation. We collaborate and support families to bring happiness and fulfillment to every child.

- 1) **Special Child Care Centre service (SCCC)**
 - * We provide centre-based intensive training and caring in weekdays.
- 2) **Early Education and Training Centre (EETC)**
 - * We provide early interventional services to prepare children for mainstream education.

- 1) **Special Child care Centre Services (SCCC)**
 - * The target group for SCCC services is moderately and severely disabled pre-school children from 2 to 6 years of age.
- 2) **Early Education and Training Centre (EETC)**
 - * Children with disabilities from birth to 2 years of age
 - * Children with disabilities from 2 to 6 years of age on a waiting list for other pre-school rehabilitation services, or not receiving other pre-school rehabilitation services.

Multidisciplinary Team Services

Our team is composed of registered Social Workers, Physiotherapists, Occupational Therapists, Speech Therapists, Nurse and Special Child Care Workers. We regularly communicate with parents to design "Individual Educational Programs" (IEP) incorporating our various professional teams' input including therapy, nursing and training aspects.

1 Developmental Needs Assessment by Professional Teams

Our team provides holistic and professional assessment service, including sensation, physical, language, social integration and adaptation, self-care, nursing care, etc. The results will provide a direction for designing each IEP.

2 Experimental Training

Our centre emphasizes leaning from experiences in their daily learning and sensational environment to bolster children's interests, physical abilities, language and social capabilities, emotion, art and cultural development.

3 Professional Therapeutic Services

Our Physiotherapist, Occupational Therapist Speech Therapist will provide both individual and group training to enhance the physical, sensational and language abilities.

4 Nursing Service

Our nurse offers a comprehensive health program including: caring guidance, health need management and weight monitoring to cultivate a healthy body.

SUPPORTING SERVICES

Family support and Network

We organize training workshops and family activities, aiming to enhance parents' capabilities in caring and training their children as well as to foster mutual support and promote exchange of upbringing information amongst families.

Community Integration

Regular integration activities aim to expand the child's social experiences and to encourage community adaptation through interactive programs.

Occasional Child Care Service (OCC) & Extended Hours Service (EHS)

Our day respite service and extended hours service provide temporary relief to parents' stress from their long-term caring of their children.

SERVICE CAPACITY

SCCC : 24 service users

EETC : 66 service users

EHS : 5 service users

OCC : 2 service users
